

# CHAMI Meriem

## Software Developer

Passionate about computer science, I hold a Master's degree in Artificial Intelligence. I enjoy designing efficient and innovative solutions, whether through web development or applied AI. Thanks to my freelance experience, I am autonomous, detail-oriented, and fully committed to every project, with a constant focus on delivering high-quality work and continuously learning.

## Work experience

### Software developer

Freelancer (Fiverr & other), 07/2023 – Present

Oran, Algeria

- Designed and developed interactive web applications using React.js and Tailwind CSS, focusing on responsive UI and user experience.
- Created prototypes and UI mockups with Figma to guide front-end implementation.
- Integrated RESTful APIs and databases to enable dynamic data-driven features.
- Developed management and business software using WinDev, including data handling and custom user interfaces.
- Maintained professional communication with clients, including gathering requirements, presenting progress, and delivering tailored solutions.

### Computer Vision Intern

Satellite Development Center (CDS), 04/2025 – 05/2025

Oran, Algeria

- Manually created and annotated a high-resolution satellite image dataset for use in semantic segmentation tasks.
- Trained and evaluated deep learning models, including U-Net, U-Net++, and Swin U-Net, to perform pixel-wise classification of geospatial features.
- Contributed to the development of an end-to-end segmentation pipeline, from data preprocessing to model validation and result visualization.
- Gained hands-on experience with remote sensing data, deep learning architectures, and image annotation tools in a real-world Earth observation context.

## Education & Learning

### Master's Degree in Artificial Intelligence

University of Science and Technology Mohamed Boudiaf, 2023 – 2025

Oran, Algeria

### Training in Data Science and Artificial Intelligence

Limitless Learning, 2023

Online

### Training in Hardware and Software Maintenance

WINNER SOFTWARE School, 2023

Oran, Algeria

### Bachelors Degree in Computer Science

University of Science and Technology Mohamed Boudiaf, 2020 – 2023

Oran, Algeria
